of Supplies

at

## The Blairmore Pharmacy G. N. Elwin, Phm. B.

Drugs, Stationery, Kodaks. Eyes tested and Glasses fitted  
Blairmore, Alberta

## BRISCO

The Car With Half Million Dollar Motor

The attraction of the graceful Brisco lines is irresistible—the performance of the car not excelled even by cars of higher price.

Abundant power for hard pulls, and all the speed you can use. Built in quality that insures long service.

The Brisco is "there" with the power—its smooth steady pull gives you assurance of a car ready for an emergency.

Prices: Brisco Standard Touring \$1475. Roadster \$1175.  
F.O.B. Blairmore, War tax paid

CYR & SMITH, Agents  
Cowley, Alberta

American income tax figures show that the war created 17,000 new millionaires and several paupers.

When a letter needs a friend: When he opens a nice juicy jackpot on a pair of jacks and someone boasts it the limit.

## Strikes Nine-Foot Seam of Coal

Coal of very excellent quality was struck last week on the Mutz property in the west end. A gang of men under the superintendence of Mr. C. Chestnut have been working a tunnel for the past month or so and on reaching a point about two hundred feet from the surface a seam nine feet in thickness was uncovered. The coal has been tested and found to be of very high grade.

Arrangements are now being made for the laying of a spur-line from the C. P. R. and a traffic crossing will be opened up just east of the twin bridges.

The mouth of the mine is about three hundred yards from the C. P. R. Crow's Nest line, and the vein extends over an area of about two or two and a half miles.

## Milk Peddlars Must Obtain License

A meeting of the Blairmore Board of Health was held in the office of the Secretary on Monday evening last, present W. H. Bartlett, A. J. Olson, James Patterson, James G. Ewan, J. M. Carter and Dr. Olivier. An application for permission to keep pigs within the town limits was received from Mr. H. Griesbach, and on motion was rejected.

On motion it was ordered that anyone found keeping pigs within the town limits be given seven days' notice to dispose of same. Failing to observe this order will entail prosecution under the provisions of the Provincial Public Health Act.

Also that cow keepers be notified that they are not to sell milk within the town limits without first having obtained a license from the Board of Health as required by the health act. Anyone found selling milk without such license after being duly notified will be prosecuted in the interests of the public health.

Ewan-Patterson—That large posters in bold type be posted up in conspicuous places in the town, warning all residents to clean up their premises, in accordance with the provisions of the health act, within ten days of date of such notices, failing which prosecution will follow.

## Frank Military Y.M.C.A.

That the citizens of Frank think differently about the needs of the military Y.M.C.A. than do the citizens of Blairmore. This is shown by the following list of subscriptions recorded in last week's campaign. It should be noted also that the majority of the subscribers are of Bohemian origin, who during the progress of the war literally supported every cause the purpose of which was to strengthen the arm of the allies against the common enemy.

C. J. Tompkins, Isaac W. M. J. Murray, \$5.00 each; W. C. Webb and A. Steiner, \$3.00 each; John Brown, J. H. Naylor, J. Rice, A. J. Blas, Mrs. George Cordoba, J. Sartoris, Thomas Powell, J. McMillan, C. Montalbetti, H. A. Moore, N. S. McElroy, Miss A. E. C. J. W. McMillan, Mrs. J. P. P. O. A. Kraft, Henry Zek, Frank Novak, \$2.00 each; Wu Chong, M. Murphy, R. J. Crooks, Miss L. Murdoch, Miss E. MacNeil, Charlie Sartoris, Harry Anderson, Thomas Chaloupeka, Clar-

ie Poch, J. V. Hora, V. Ruzicka, F. Velprava, F. Pokornay, C. Potuzak, M. Konunk, J. Vysoldil, E. Dypolt, \$1.00 each; A. Gattino, Mrs. C. Wintgen, John Anderson, Frank Poch, Frank Ed, Joseph Makov, Joe Svec, Peter Vlach, Peter Alois Herman, Frank Herman, F. Hurni, Karl Zemek, Joe Ruzic, Rudolf Cerney, G. Domnick, \$0.50 each; Joseph Jilek, Kasper Holub, Frank Houta, Alphonse Dusek, Vaclav Kremser, Vaclav K. Bernack, Mrs. M. Cadek, Frank Andel, John Lizek, 25c each. Total \$82.00.

Committee: J. V. Hora  
V. Ruzicka  
J. J. Murray  
A. H. Sherring  
Isaac Wilson, Treasurer  
John Brown, Chairman

A good many "safety firsts" are telling Canadians of the great work done by the Military Y.M.C.A. at the front during the war. That's why the above organization has lost sympathy in many parts.

## -- SPECIAL -- THIS WEEK END

GREAT REDUCTION IN  
Men's Coats,  
Suits, Pants,  
Boys' Clothing

## Blairmore Trading Co. "The Store With The Good Goods"

"By The Sea"

STARTS 7:30 SHARP ADULTS 35c CHILDREN 15c

# Huns Will Now Face the Inevitable

Berlin. — Official quarters in Berlin have learned the probable terms of peace and a lengthy session of the cabinet followed, at which the action which Germany is to take was discussed. It was considered in some quarters that Count von Brockdorff-Rantzau would refuse to sign the peace treaty and resign, but the opinion is general that Germany must accept, since she is helpless.

The resignation of the foreign minister would only delay a settlement of the question, for, if his cabinet left office with him, independents, it is believed, would surely take up their positions and their first act would be to complete the terms.

The first newspaper in Berlin to publish the peace treaty headed it "Germany's End as a great power."

The Tagesschau says the size of the German army can only be decided by the league of nations and that it will be impossible to pay £1,000,000,000 indemnity. The newspaper calls the decision regarding the Saar "Hardly disguised annexation," and says that it cannot be accepted.

The Danzig solution also is declared to be unacceptable. The decision as to Germany's former colonies is arousing protests.

The National Zeitung publishes what it terms the official standpoint of the government to take regarding the peace terms.

The government, according to the newspaper, will refuse to sign any part of the treaty which provides for "Oppression of Germany." For instance, the entente's stipulations regarding Danzig and the Saar Valley will be rejected. The German delegates, however, will make every effort to institute negotiations on these and other unacceptable demands.

## Clause Stipulates Kaiser's Trial

Paris. — The clause regarding responsibilities, which was not acted on at the previous session of the plenary conference, it is understood, has been incorporated in the final draft of the treaty. This provides for trial of the former German emperor for a supreme offence "against international morality and the sanctity of treaties" by a tribunal composed of representatives of Great Britain, the United States, France, Italy, and Japan.

**Germans Would Massacre Jews**

London. — An Exchange Telegraph company dispatch from Berlin reported that hatred against the Jews has been displayed recently in the German capital and that placards have been distributed, asking the citizens to massacre Jews because, the notices assert, the Jews killed 200 children at Easter.

# End of Germany As a Military Power

Versailles. — Today the allied terms of peace were handed to the German delegates. The document, long as it is, is shorter than was indicated by the forecasts, which estimated its length at 100,000 words. The treaty is not printed in German. The text is in French and English, on opposite pages.

The terms of the treaty spell the end of Germany as a military power. She is deprived of virtually all her fleet, her army is cut down to nominal dimensions, and she is sharply restricted along lines through which she might seek to work militarily and rehabilitate herself. Economically, also, the future of Germany is hedged about with stipulations intended to force her ability to pay the indemnity demanded by the allies, and to prevent her from exploiting her old-time resources as a strangle competitor of the nations about her which she overran and devastated during the war.

Thus, for instance, Germany, for a period of years at least, will be deprived of the coal output of the rich Saar basin, which goes to France in repayment of the damage caused by the destruction of the French coal mines. She likewise is compelled to make restitution for the damage in other ways done to France, Belgium, and the various other countries which suffered from Teutonic depredations in various forms. In numerous other ways she is made to feel that her more than four years' career of destruction must be made good.

Elaborate preparations were made for the historic occasion of handing

## Unrest in India

### Afghan Troops and Tribesmen Cross Border and Trouble Expected

London. — Afghan tribesmen have crossed the Afghan border with the assistance of Afghan regular troops and have occupied certain positions on the Indian side of the border, according to a despatch from the India foreign office. Military precautions have been taken by the British, who have addressed a vigorous note to the Amir.

It has been reported for some time that the new Amir had adopted a friendly attitude towards the British and contemplated an invasion of the north-west frontier and Khyber Pass, the principal northern pass into that country from India. No large numbers of tribesmen are concerned, but they have occupied some heights of importance commanding two roads leading across the frontier.

## Siberian Army Needs Clothes

### Unique Plan Devised for Providing Wearing Apparel

Vladivostok. — The Siberian army needs underwear and the powers that have devised a unique plan for providing this wearing apparel. In brief, this solution is conscription of underwear.

The male population of the city is ordered to provide the clothing on the following scale:

Those enjoying a salary of 600 to 1,000 roubles a month must supply one set. Those who earn from 1,000 to 1,500 roubles a month are asked for two sets. From 1,500 to 2,000 roubles the tax is three sets, and from 2,000 roubles upward, four sets. Owners of real estate and commercial and industrial firms have to furnish underwear on the same scale, according to the income of their business. A set of underwear consists of one shirt, one pair of pants, one pair of socks and two pairs of foot tags.

### British Shell Bolsheviks

Archangel. — British Bolsheviks were active against the Bolsheviks for the first time recently. They co-operated with a strong patrol which broke through an enemy outpost north of Tulga and destroyed dugouts and an ammunition dump.

A Bolshevik attempt against the British, United States and Russian positions at Malo Beresinck was repulsed.

**Ambassador of Reds Was Shot**

Copenhagen. — When Polish forces captured Vilna recently they captured and shot Adolphe Joffe, the former Russian Bolshevik ambassador at Berlin, according to Polish newspapers received here.

## Summary of Peace Pact

Germany is deprived of her fleet. Her army is cut to small size. Military aspirations are pruned.

Economic restrictions are laid down so that she can pay indemnities. She cannot strangle competition in trade.

Gas basin coal output goes to France for years.

She must make restitution for damage to France, Belgium and other countries.

Hellsgland must be demolished.

Kiel Canal must be freed.

Alsace-Lorraine will be returned.

Ex- Kaiser Wilhelm will be tried.

German territory must be ceded on all hands to surrounding allied nations.

Frontier of 1871 has to be restored.

She must renounce rights to all colonies.

Dismantling of Rhine fortresses demanded.

Assume pre-war debts on ceded territory.

Allow unhindered transit in Germany.

Internationalize her rivers and give up control of the Rhine.

Germany must also pay to the limit the cost of the war to all allied nations.

## Ammunition Depot Explodes

### Many Killed and Country South of Brussels Devastated

Brussels. — A depot of German ammunition containing shells and bombs of every calibre and many gas shells has been exploding at the railway station at Groenendaal, six miles south of Brussels, where Canadian troops were inspected by King Albert eight days ago. The depot has been under guard of 150 Belgian soldiers, and six hundred German prisoners have been at work near it. It is believed there are many killed and wounded, but the number of victims will not be known for several days.

Many houses in the neighborhood have completely collapsed and windows and roofs for two miles around the scene of the explosion have been shattered. This is especially the case at Hodges and neighboring towns where there are thousands of art houses: the movement of trains over the Namur Luxembourg line has been interrupted. It is reported that while workmen were unloading a wagon filled with shells a detonator exploded in the hands of a German prisoner, setting fire to the ammunition boxes. After the explosion the German prisoners broke the barbed wire cordon surrounding the camp and fled in all directions through the woods. Only 150 have been arrested since. The Belgian guards at the depot succeeded in escaping in safety. The explosions were clearly heard in Brussels.

## Munich Expresses Joy

Munich. — All Munich celebrated the victory over the Soviet government. The streets were crowded with people who cheered the passing troops or gave them refreshments. Captured Spartacists were hoisted through the streets, bands played national airs outside the captured palace, and the crowds sang patriotic anthems.

### Germany Refuses to Pay Indemnity

Paris. — The German delegates to the peace conference, which is to sign the peace treaty, but that Germany will not pay an indemnity. In the discussion of peace terms by Germany, through both her official and unofficial spokesmen, she has invariably drawn a distinction between reparations and indemnity, constraining the latter in effect as punitive damages. It seems probable, therefore, that the refusal to pay an "indemnity" would mean in effect that she would decline to pay what she regarded as such damages.

### Cheap British Automobile

London. — An English manufacturing company announced that it is prepared to manufacture a car which can be retailed for between £50 and £60. Scarcely any wood will be used in the construction of the car, the principal material being a new substance which is described as "a kind of concrete, light, but strong and durable, produced from waste material such as slag, cinders, and sawdust, and, covered with a metal solution."

W. N. U. 1263

## Government Should Aid In Exporting Grain Crop

H. W. Wood says that failure would be crime against people.

Calgary. — Unless at an early date

adequate steps are taken by the Dominion government to assist in financing the export of the grain crop of 1919, Canada will be confronted with the greatest conceivable disaster,

in the opinion of H. W. Wood, president of the Farmers of Alberta.

"If present prospects are fulfilled," said he, "the harvest of the present season will be the greatest in our history, and exactly for this reason, it is our duty and it should be taken to insure that it shall find an outlet."

"I can conceive of no more serious crime against the people of this country than for the authorities to fail to take the necessary steps."

"Perhaps," said he, "the government has a plan, but if so, I certainly have heard nothing of it, and it is of the utmost importance that the farmers should be reassured in this matter. The vital interests, not only of the farmers, but of the whole community, are bound up in agriculture."

Small Powers Allowed

Paris. — It was decided that the following delegations which were to be excluded will be admitted to the congress at Versailles when the peace terms are handed to the Germans:

China, Siam, Cuba, Guatemala, Nicaragua, Hayti, Panama, Liberia and Honduras.

## Helium for Airships

Large Quantities Will Be Produced in Canada at Low Prices

London. — Professor McLennan of Toronto University was invited by the British admiralty in 1915 to investigate the possibility of large-scale production of helium, found in large quantities available in natural gas in Ontario and western Canada, produced at a cost of a shilling per cubic foot. The United States also co-operated and gave large orders for machinery and plants. Thus the possibility of securing large supplies of helium was assured simultaneously with the practical details of production.

Airships inflated with helium have been developed by the British navy and the progress made warrants the opinion that in another year large quantities of helium will be produced in Canada at a low price and helium-filled airships will be in service.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

## Scheme for Tunnel Formulated in 1867

### Experiences of War Have Made It Nearer Fulfillment

London. — The revived interest shown in the project of constructing a tunnel under the Straits of Dover to connect England and France by railway is a reminder that this scheme was first formulated in 1867, and that only the experiences of the war and the increased friendship between the two countries on either side of the channel have made it easier fulfillment. Ever since the report of the first Anglo-French committee was made on the subject, active work has been held up by the attitude of British military opinion, that opening a corridor from Arundell, M.P., the chairman of the house of commons channel tunnel committee has now experienced a change, and from this change arises the hope of the supporters of the scheme, that the construction of the tunnel may at last be taken in hand.

Sweden's Last Year Harvest

Stockholm. — In spite of the fact that the result of last year's harvest in Sweden might be described as meager compared with the harvest of 1917, the monetary value shows a great increase for nearly all kinds of cereals and vegetables. The central bureau of statistics estimates that the total value of the harvest amounts to the large sum of £3,660,432,000, an increase of over £1,000,000,000, the amount then being £1,223,287,000.

Dutch Frontier Problem

Brussels. — In reply to an invitation from Belgian socialists to their Dutch comrades to proceed to the Belgian capital in order to discuss the differences relating to the disposal of frontier territories, the Dutch socialists have appointed a delegation for that purpose. It will consist of Messrs. Suze Groeneweg, deputy for Rotterdam; Vliegen and Gigaut, magistrates of Amsterdam, and Roode, editor of the paper *het Volk*.

Went to Conference in Airplane

Paris. — Paul Hymans, the Belgian foreign minister, left Brussels in an airplane at one o'clock and reached here at two p.m. in time to attend the plenary session of the peace conference.

## Austria Must Pay Large Indemnity

### Japanese Fix Indemnity Claim

On Account of Destruction of Tonage During War

Washington. — Japan's claim for indemnity from Germany on account of the destruction of Japanese tonnage during the war will amount to not less than \$175,000,000, according to advice from Tokyo. The Japanese steamers actually sunk number 26, totalling 110,451 tons, and in addition, five vessels of 17,964 tons are regarded as having been sunk by German craft, although there is no conclusive proof. In the aggregate, these vessels number 31, totalling 128,415 tons. The amount of damages desired for loss of tonnage does not include personal damages due to the loss of lives.

Soviets Arrest Revolutionists

London. — A wireless message from Budapest announces the execution by the revolutionary tribunal of two men and imprisonment for a long term, with hard labor, of several others, under accusation of planning a conspiracy on a large scale. In a public speech, the Hungarian commissary, Mr. Szamuely, has described the duty of the Bolsheviks as the stirring up of revolution throughout the whole of Europe.

Small Powers Allowed

Paris. — It was decided that the following delegations which were to be excluded will be admitted to the congress at Versailles when the peace terms are handed to the Germans:

China, Siam, Cuba, Guatemala, Nicaragua, Hayti, Panama, Liberia and Honduras.

New York. — The Associated Press issues the following:

While the German peace plenipotentiaries are digesting the text of the lengthy peace treaty handed them and communicating with the Weimar government as to the demands made upon Germany by the allied and associated powers, the council of four is engaging itself with the formulation of peace terms for Austria and Hungary.

The German Austria delegation is reported already to have started for St. Germain, France, there to await the summons to Versailles to learn what is to befall the one-time dual-monarchy in the way of the payment of indemnities, the making of reparations and the relinquishment of territory.

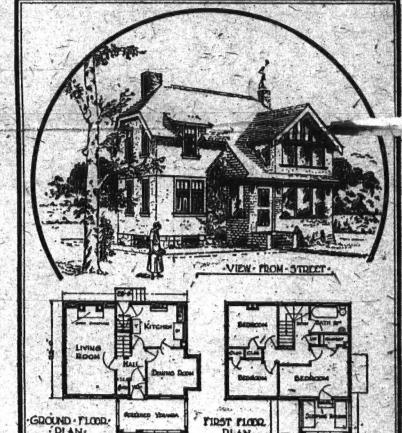

Estimates have been made in Paris that five million crowns will be demanded as indemnity from Austria-Hungary, in addition to the determination of frontiers. The pre-war debt of the former empire and kingdom, it is stated, is to be divided among the newly formed states which have arisen, or are to arise in their old territories.

It is reported that when the terms of peace with Turkey are concluded, the United States is to be requested to become the mandatory of Armenia, and that President Wilson will place the matter before congress in order that a decision may be arrived at.

**Chinese Objections**

Pekin. — The Chinese cabinet, a meeting decided to instruct the Chinese delegates in Paris not to sign a peace treaty assigning the German rights in Shantung to the Japanese.

## Desirable Six-Room House

It is not necessary that the small inexpensive home should be unattractive as to exterior or incomplete and inconvenient in the interior.

The design shown herewith demonstrates those two facts absolutely.

A glance at the perspective and the reader instinctively thinks of the expensive home, but look at the floor plans and it will be seen that the house is only twenty-two feet by twenty-eight feet. The expensive effect is due to the fact that the lines

of this home are artistically good and naturally the architectural proportioning is correct.

The large living room with its open fireplace is laid out so that furniture may be placed to display itself to advantage.

Notice well may be drawn to the screened verandah and the sleeping balcony. Height is obtained by the steps from the room floor level to the floor of the balcony.

It is an altogether to be desired small home.

## Brief Speech Which Attended Peace Terms

Versailles. — In opening the session of the peace conference, M. Clemenceau, president of the French republic, speaking to the German armies is broken.

"It is unnecessary to express needless words. You have before you the plenipotentiaries of the small and great powers united in this most cruel war, which was imposed upon them. The hour has arrived for a heavy settlement of the account."

Went to Conference in Airplane

Paris. — Paul Hymans, the Belgian foreign minister, left Brussels in an airplane at one o'clock and reached here at two p.m. in time to attend the plenary session of the peace conference.

Went to Conference in Airplane

Paris. — Paul Hymans, the Belgian foreign minister, left Brussels in an airplane at one o'clock and reached here at two p.m. in time to attend the plenary session of the peace conference.

Count von Brockdorff-Rantzau asked for the liberation of German prisoners and said that Germany adopted the League of Nations.

Count von Brockdorff-Rantzau said: "We declare that we do not deny the extent of our defeat. We know the power of the German armies is broken."

He said he was unable to admit that Germany was solely culpable and demanded that the allies make peace according to President Wilson's points.

Germany pledged itself to repair the wrongs done to Belgium and gave assurance of the reconstruction of the territories in northern France.

Count von Brockdorff-Rantzau asked for the liberation of German prisoners and said that Germany adopted the League of Nations.

## The New National Movement

Have you heard of the new National movement? It's the "get-a-state-in-Canada" movement, launched a few months ago, and which is spreading quickly from the Atlantic to the Pacific. It is both a national and a natural effort the wonder being that it was not started long ago.

The "get-a-state-in-Canada" movement is really another name for the war savings campaign, the purpose of which is to induce people to purchase Dominion Baby Bonds, which cost \$4 and a few cents. These bonds are to be used as votes to locate the "state" which would have a separate part ownership in Canada.

Before the outbreak of war there were probably not more than 30,000 such Canadian stakeholders, now there are considerably over 1,000,000 and the number is growing rapidly.

## Closestills

At 8 p.m. while pa and ma helped entertain with Santa Claus and May in distant seats  
Sat down — away — like — this.  
At 9 p.m. as papa withdrew,  
And sought his room upstairs,  
The lovesome found some photographs,  
And neared brought their chairs.  
At 10 p.m. in, her ma decamped,  
And then, ye gods, what bliss!  
These loves sat till nearly one  
Aboutschoomashis.

One newspaper man on the prairie thought sure Christmas had dawned upon him about two weeks ago, when he waded to the office in the morning through about a foot of snow. His paper came out that day with a breezy Christmas editorial and a bold heading to the local page: "A Merry Christmas to All."

## Go To Sunday School Day

Our Provincial Government has seen fit to issue a proclamation calling upon all people in the province on May 26th to attend some Sunday School session that day.

The Alberta Sunday School Federation has prepared a special programme for that occasion, and has disseminated the same in all sections of the Province.

An effort is being made in this way to arouse interest in the work of religious education. The various denominations have joined their forces in this cause to present a united front. Only one session in the province attend Sunday school day. Why not all turn out that day?

It may seem that, in a number of districts, someone will have to take the lead for the day. Why not call a meeting for that day and discuss the religious needs of the community and suggest plans for meeting the need?

There is an opportunity for the whole province to unite in a common good and we trust to hear of many successful gatherings. The General Secretary of the Federation would like to have a report of the day. A card to 90 Mackay Block, Calgary, would be appreciated.

## New Judicial Districts Map

The farmer, merchant or other citizen of the west, has often felt the need of information as to the exact location of the points at which the sittings of the different courts are held or at which title deeds, chattel mortgages, transfers affecting personal property, etc., may be registered.

The new issue of the Land Registration and Judicial Districts Map which has recently been published by the Department of the Interior, through its Natural Resources Intelligence Branch, shows by a simple colour scheme the boundaries of both land registration and judicial districts in Manitoba, Saskatchewan and Alberta. The towns which are the centres of the respective land titles and land registration districts as well as the places where the country or district courts and the Supreme or Courts of King's Bench sit are indicated by simple conventional signs. A copy of this map may be obtained free of charge on application to the Natural Resources Intelligence Branch of the Department of the Interior, Ottawa.

## Miss Blais is Showered

Miss Lillian Blais, of the Union Bank staff, was the guest of honour at a shower given on Saturday last by the ladies of Frank, when she was the recipient of many beautiful gifts. The affair took place at the home of Mr. and Mrs. John Brown, which was beautifully decorated.

Mr. Brown and Mrs. Taylor received the party and were assisted at the tea hour by Mr. Crooks, Mrs. McElroy and Mrs. Moore.

The party included Mrs. Blais, Mrs. Cordoba, Mrs. Powell, Mrs. Murray, Mrs. Kraft, Mrs. Cordoba, Miss McKey, Miss Munro, Miss McNeill, Miss McColm, Miss McCarthy, Miss Rose, Miss Pinkney, Miss Goss, Miss Archer, Mrs. Windsor, Mrs. Lamey, Mrs. Dunlop, Mrs. McDonald, Miss Dunlop, Miss Easton, Mrs. Fitzsimmons, Miss Graham, Mrs. Kidd, Mrs. Beck, Mrs. Barber, Miss Shaler, Miss Carter and Miss Baird. Miss Blais is to be one of the principals in an event of great interest to take place in the near future.

Mr. Evan Jones, of the provincial health department, was in the Pass last week end, and incidentally took a glance at some of the lanes and back yards through here. He also visited the rains at Greenhill and the new wash-house, which he claims is without an equal in layout and appliances on the Canadian portion of the continent. This wash-house has accommodation for about 350 lockers, some 200 of which are already installed. The bathroom and shower bath and flushing appliances are of the most modern and every effort has been made by the West Canadian Collieries to make this institution the very best for the money—\$26,000.

A widow lost a hog. We do not refer to the death of her husband. She lost a real hog and advertised for it. The editor says the hog must have read the paper, for he came hiking home on the dead run as soon as the paper left the post office. This is not the first instance where a hog has read the newspaper, and incidentally forgot to pay for it.

July's "Lamb" have re-entered the fold.

Inspector C. Jungel was down from Ponoka this week.

Mark Sartoris has risen from the ranks of the Chevrolets to the Orangefords.

Being crowded for space, our "Fourteen Years Ago" column is withheld this week.

The American N. C. I. seaplane sailed from Newfoundland for the Azores this afternoon.

The body of Nurse Cavell has been examined at Brussels and will be buried in England.

G. B. Cotonio has been bound over to keep the peace for two years and had to raise \$2000 bonds for his release.

Watch for bills in a few days announcing a great auction sale of new and second hand furniture, etc., to be held at the Blairmore Exchange.

A report from London states that the Dutch government has decided to surrender the former German emperor to the allied and associated powers.

Dr. Joseph Gersais has been found guilty of the murder of Jas McKay at Steep Creek, Saskatchewan, on November 15th last, and has been remanded for sentence.

A guy down at the coast is to make an air flight through the Crown West Pass as soon as the Crown West Pass Automobile Association can have a man up by and stand out a clear route.

B. Seyer has been summoned to appear before court on tomorrow (Friday) morning, to answer to the charge of having polluted the water of the Old Man river by throwing stable offal into it.

The Belgian peace delegation has received an official communication stating that Belgium will immediately obtain 2,500,000,000 francs indemnity and all material and financial assets the Germans left Belgium, and that Malmédy and Eupen (Rhine Prussia) will be attached to Belgium.

After many postponements the trial of attempted murder preferred against Detective Pat Egan, of Lethbridge, has been disposed of by the informer, Jim Wong, who was the victim of the shooting when a Chinese opium den was raided by the city police, withdrawing the information. Detective Egan resumed his place on the city police force this week, after being under suspension for a month.

It would help matters some if

more had the darkey's luck. He says he was married three years ago and has six children. He was married at Huntsville and the first year his wife presented him with a beautiful baby boy. He then moved to Fort Arthur and Fort William, the "Twin Cities," and she presented him with two twin boys. Then he moved to Thresh River, and there came into their lives triplets, three sweet little girls. He says he'll be dog-gone if he'll take a job at the Thousand Islands.

Almost four thousand letters of condolence from all parts of the world have been received by Lady Laurier since the death of Sir Wilfrid.

The new German government plans to take over the telephone and telegraph wires; but it has already shown that it can't handle the Poles.

Biblical names are not now so common as formerly. In Nova Scotia, however, there are still prime favorites. A journalist in that province says that in Canoe, Nova Scotia, are six brothers whose given names are respectively: Cyrus, Elisa, Silas, Asaph, Zacharias and Cornelius. "Strange to say," he adds, "some years ago these brothers were working on one of the fish wharves when a heavy thunder storm came up and Ananias was struck by lightning.

A witness at the meeting of the industrial commission in Vancouver said that the One Big Union was simply the I.W.W. It has been obvious all along that the aims of the two organizations were the same. If the two are identical, it simply means that a familiar piece of political tactics has been adopted. When an organization gets a bad name it usually pays to rechristen it and start out afresh. Its object need not be changed, and the new name will attract certain people who would be repelled by the associations of the old.—Ex.

## Blairmore Enterprise

The pioneer transatlantic flyers are being hung (to the hangars) for not venturing out over the pond.

The Town of Blairmore has been granted permission to issue debentures to cover the accounts paid in connection with the recent "flu" epidemic.

The first suggestion was a league of nations, then a league of states, then a league of municipalities. Now comes a league of monarchs, supposed to last forever and for aye.

The manufacture of beer and booze ceased in the United States a few days ago, and the entire country will go "bone dry" on July the 1st. Press reports state that no camouflage will be permitted by the federal authorities and that every liquid that intoxicates will be seized. What an awful thurst our neighbors will have within a short time. No wonder Canada expects a large tourist traffic from the States this year. The Yankees all know that the manufacture of booze only became a reality in Canada since the introduction of so-called prohibition.

Inspector Jones, of the provincial health department, visited Blairmore and Coleman this week, and during his stay took occasion to look into premises that were not kept as required by the health act.

The city of Vancouver is confronted with the necessity of raising \$1,000,000 in excess of the revenue produced by the present taxes. Five million dollars will be spent by the Dominion government in harbor improvements at Vancouver.

A young lawyer was very sure of himself and believed in broadway witnesses. "You are a laborer, I believe," he said to a quietly dressed man in the witness box. "A workman, sir," said the man, who was a civil engineer. "With pick and shovel?" "Those are not the chief implements of my trade," said the man. "What are the chief implements then?" "It would help you if I told you," said the workman, "you don't understand their nature or their use." "Probably not, but I insist on knowing what they are," said the lawyer. "Well, if you insist," said the witness, "brains."

## Bellevue Happenings

Mrs. Ed Copeland has returned home from hospital.

Isaac and Jack Hutton are spending a few days in Calgary.

Miss Elizabeth Williams is visiting in Calgary for a few days.

James Blakeley and family have moved to Medicine Hat to reside.

Harry Wright has started for England, after spending some time here.

Gilbert Cousins, who had been laid up for some time, is now able to be around again.

A number of Bellevue boys attended the examinations at Blairmore last week.

Mrs. George Skelding left here on Thursday on a visit to her home in the old country.

Mrs. H. Noble has gone to the coast to attend the burial of her daughter, Mrs. H. Quig.

A meeting was held in the school house on Tuesday for the purpose of forming a football club.

R. T and Charlie Johnson motored to Fernie on Wednesday last, returning the same night.

The family of Joe Hinesey left on Wednesday last for Wisconsin, where they will take up ranching.

Mrs. H. Scott and Mrs. Davidson have left for a visit to their old homes in England and Scotland respectively.

A grand dance will be held in the Workers' hall on Tuesday night next, under the auspices of the Ladies' Auxiliary of St. Cyril's Catholic church.

Rev. H. Peters is attending a convention at Edmonton. His work here is being attended to in his absence by Mr. Wood, of the Lacombe children's home.

Acting-Corporal Jack Barwick arrived here on Friday, accompanied by Sapper Joe Ellison. They are 192nd men and have had quite a little experience at the front. Both look well.

The editor of the Greenwood Leader spent the winter down in the southern States. He states that during his trip he saw thousands of Americans wearing uniform who had been overseas, several of whom were privates.

It is now regarded as certain that the peace delegates will be out of the trenches before Christmas.

Sunday, May 25th, has by proclamation been set apart as "Go-to-Sunday-School Day" in Alberta.

Drs. B. R. Little and J. Oliver paid a business visit to Lethbridge last week end and returned to town on Tuesday morning.

Just one stock pigeon was in sight this week. Being of the usual lazy disposition, he just moved when the wind moved him.

A local lady this week decided to board and lodge a number of young ladies, and has already started to erect a chicken fence.

G. G. McCollum, proprietor of the Cosmopolitan hotel, paid a business visit to Calgary the early part of the week.

An enjoyable social was given by the members of Crows' Nest Encampment in the L.O.O.F. hall last night. Music was furnished by the Oddfellows' jazz band.

Two young bouncing Blairmore ladies are desirous of the opportunity of keeping house or cooking for bachelors of the highest repute, and will consider any applications that are made through Box E, Blairmore.

London police magistrates declare that the most difficult thing for the woman police officer to learn in connection with her duty is how to give evidence properly and in accordance with the rules. The sex prerogative of telling things in their own way and having the last word was established long before rules of evidence were ever thought of.

On Tuesday night next, the Ferne Amateur Dramatic Society will present the well known and popular farcical comedy, "Facing the Music," at the Blairmore opera house. This grand comedy is in three acts. Every character in the cast is an artist of exceptional ability, and their efforts during the past couple of years have won unlimited praise and support from the theatre-going people of Southeastern British Columbia. We bespeak for them a crowded house on Tuesday night. The doors open at 8 and the performance commences at 8:30.

If Your Food  
Ferments or Disagrees  
Just Read This!

Thousands of broken-down dyspepsia have recently been given back their health.

These happy people don't proclaim it, but have themselves given them with a new lease of life—it was simply their common sense in selecting a tried and proven medicine, one specially adapted to their particular ailment.

All these splendid cures were effected by Dr. Hamilton's Pills which beyond all question have a strange power to restore a weak or ailing stomach.

If your stomach is tried and over-worked try Dr. Hamilton's Pills, and no doubt you will be well again before or after eating will disappear.

You'll no longer have that nauseous, gassy, bad tasting sensation. You'll get a new appetite and digest what you eat. Let me tell you digested food is bound to increase your strength, make you brighter, and more ambitious. In a week you'll feel like a new person, and a month you'll be permanently restored.

For folks who are out of sorts, not feeling just up to the scratch, perhaps bothered with headaches or constipation, to them Dr. Hamilton's Pills will prove a boon.

The Fiendish Turks

Man Taken Prisoner in Mesopotamia  
Tortured Under German  
Supervision

A writer in Lloyd's Sunday News tells the story of a Roukhou, a native of Chicago, and a man of powerful strength, who served in the British Engineers, who was branded with the "Spider of death."

The writer gives this story:

This man's head is covered with short stubby grey hair, and his naturally high, fine forehead gives plenty of room for a sinister sign that stretches from temple to temple and from the arch of each eyebrow to the bridge of the nose. It is a heavily tattooed design of a huge crab-like creature, which he afterwards told me is called "The Spider of Death," or the scorpion.

In some horrible frenzy of imagination this creature, which had been pricked with blue, red, and green inks upon his forehead, has been given three bodies. One lies over the other, and each outline is clearly visible. It shows first the shield of Bulgaria, above that the military drum of Germany, and superimposed upon these, the fez, the star and the crescent of Turkey. On either side stretch eight human booted legs, while from the middle, or head of this horror, hangs a ring showing that the man branded that the property of the Turks for eternity. He is now a physical wreck, crippled for life.

Roukhou, who has also seen service with the British in the Soudan, in the Boer War, fought in Korea, then in Saloniki, and finally in Mesopotamia, where he was caught. He says:

"It was while I was doing some work with barbed wire one night alone out under the stars in that 'blessed land' of Mesopotamia that I got down in. They got me, but it took a lot of them to do it, and I accounted for a fair number before I was bound and tortured and smashed into unconsciousness."

"I was put to work, and I tried to escape, and I was caught and put through more torture, and then one day a Turk, under the direction of a German officer, put this upon me," and the man smote his forehead with a terrible gesture.

"If you ask me, of the Bulgars, the Turks, or the Germans, which are the worst, I will tell you that these are the worst, than any one of the three. They're all alike, except in color. The 'black beasts' and the 'black beasts' they have no hearts and their souls do not exist."

"By and by, over there in Turkey, my captors required that my physical strength was beyond the ordinary, and I was turned over to a pasha, who bought my body for his service. I was put to work pulling a plow—oxen were scarce in those days of the war—it was in December, 1917—and I dragged this plow across the land, and when I didn't cover enough ground, or the furrows that I made were crooked, I was beaten with a leather cat-o'-nine-tails that had nails at the end of each thong."

"Then the great potentate, for whom I worked seemed to realize that he was wasting good material in rough, unskilled labor, and after many weary punishments he placed

me (with this badge of shame upon my brow, with the price of five thousand marks upon my head should I try to escape) as the guard of his harem."

"Among the many women slaves in this place there was a young Arabian girl who had been stolen and sold to the man who was our master. She was unhappy to the verge of madness, and the horrors through which she went can only be imagined. I witnessed things done to women that are past belief, and I was helpless, a branded prisoner with a price upon his head. By methods that are too long to tell you, this Arabian and myself plotted and planned together and succeeded in escaping. Finally we managed to get in touch with British troops.

"Let me tell you that no imagination can do full justice to what I have been through during the time of my imprisonment in Turkey."

Before he left I asked Mr. Roughout if there were many cases of branding such as his, and he told me that the particular brand of the "Spider of Death" was not usual in Turkey. It was done only in the case of men who were considered of special danger to the community, and upon the head of whom a price was set. But in Turkey the "Spider" of Death is a mark of fearful significance, and its gruesome character makes it terribly trying. It is very hard for a man not to be able to take off his hat in a cafe or public building without seeing people branded.

"I don't believe that the mark can ever be taken away. I am told that some men who have been branded by having skin grafted over the marks, but it seems to me the scar will be almost as bad as the mark itself."

M. Roughout has a daughter, a girl of twenty-two, who has been nursing with the Red Cross in France. She was badly injured during the bombardment of one of the hospitals by the Germans, and she has now returned to England with her father.

Wealth in Arctic Regions

Stefansson Has Plan to Develop  
Wool, Milk and Meat Industry

Ottawa—Vilhjalmur Stefansson, the Canadian Arctic explorer, in an address before a large attendance of members of parliament and senators in the railway committee room, presented a scheme for converting the Arctic and sub-Arctic regions of Canada into a great wool, milk and meat producing area.

M. Stefansson recently submitted the proposal to Hon. Arthur Meighen, minister of the interior, whose department administers the natural resources of the north, and it is then thought advisable that Mr. Stefansson should address the senators and members upon the subject.

At the conclusion of the address Mr. Meighen said the government would consider the proposal.

The Stefansson scheme involves the introduction of large herds of reindeer into the Canadian north and the domestication and development of large herds of muskox. Both these animals will furnish a milk and meat supply. The muskox in addition will furnish a wool supply.

Iowans Receive Land

Winnipeg, Man.—A party of Iowa bankers visited western Canada last fall and made quite an extensive tour of the country and as a result of this visit they have secured a tract of 8,000 acres of land in the Swan River valley, on the Canadian National railway, which they intend to break up and get under cultivation as quickly as possible. A manager has been engaged and it is planned to break 3,000 acres next summer. Last week two big tractor units were purchased and these are to be put in commission immediately to get ground and 500 head of stocker cattle will be grazed. Two carloads of fencing wire have been sent out with the other materials.

Lumber Mill Burned

Vancouver, B.C.—Fire on April 18 completely destroyed the Beaver River Lumber company's sawmill, in the neighborhood of New Westminster. Just how the fire started is not definitely known. The sawmill and the shingle mill were both burned to the ground, as was also the lumber that was piled in the yards, as well as the shingles stored in the dry kilns and sheds. It is estimated the loss will be in the neighborhood of about \$75,000.

There is a curious chink in the town of Bergen, Norway, built entirely of paper. It can seat 1,000 persons in comfort.

Eighteen million dollars Victory bond interest May 1, invested in W.S.S. will be \$22,500,000 in 1924.

W. N. U. 1263

Community Clubs

The Community Club movement is making good headway in the province of Manitoba under the able supervision of Mr. E. C. Middleton, organizer. A large number of clubs have been formed. Below we give copy of constitution, which gives an idea of how beneficial clubs can be to the community in which they are formed.

A general committee shall be elected composed of one or more representatives of the various organizations or sections represented in the club.

Standing committees, with conveners as above stated, and drawing two or more of their number from the general committee, may be appointed as follows:

1. Public Forum Committee—

(a) To arrange for local debates and secure speakers from time to time who shall deal with public issues and matters of social welfare generally.

(b) To co-operate with the extension department of the agricultural college and the university.

(c) To encourage the formation, use and upkeep of a community library, using the schools as headquarters wherever feasible.

(d) To arrange for an annual address from the local member of parliament, preferably before the opening of the legislative session.

Note.—It is distinctly understood that while contentious public issues may be discussed on their merits, the community club will not allow its forum to be used for the purpose of party propaganda.

2. Better Business Committee—

This committee shall be composed of farmers and business men, and shall take under review the following:

(a) Local-marketing conditions and possible improvements; good roads campaign.

(b) The wisdom of establishing a four mill, a creamery, a market garden, or any other local enterprise.

(c) Better methods of buying and selling by the local merchants.

(d) Better methods of fire protection.

(e) Sympathetic co-operation between the farmers and merchants of the community.

(f) Better credit facilities for farmers on local banks.

(g) Helping men on rented farms to become owners.

3. Young People's Committee—

This committee shall be composed of those interested in young people's work:

(a) To co-operate with the churches in undertaking a definite program of activities through the province. Boy Scouts, the Manitoba Association, the rural Y.M.C.A. or the rural Y.W.C.A.

(b) To co-operate with the school board in introducing manual training and domestic science classes in the public schools.

(c) To initiate when necessary action looking toward the organization of a consolidated school.

(d) To arrange, if necessary, especially for teen-age boys and girls.

4. Public Health Committee—

It shall be the duty of this committee:

(a) To work in co-operation with the local health officer in encouraging the use of garbage barrels and regular removal of refuse.

(b) To see that the streets, lanes, and vacant lots in the town are kept free from litter and rubbish.

(c) To secure where necessary an improved water supply.

(d) To arrange for holding of lectures and exhibits on the distribution of literature on child welfare and the care of the mentally defective, and to take action in any local cases needing attention.

(e) To initiate where necessary action looking toward the building of a municipal hospital, the employment of a district nurse, and the regular medical inspection of the schools within the community.

(f) To boost the "Clean Up Week" spring.

5. Recreation Committee—

This committee shall have the general supervision of the play-life of the community as follows:

(a) Making provision for skating and curling in winter, if possible securing a municipal rink.

(b) Providing baseball and basketball grounds, tennis courts and swimming pool for summer.

(c) Arranging for local presentation of dramatic plays and church programs.

(d) Providing regular moving picture shows for the fall and winter months, in co-operation with the community department of the social service council.

(e) Arranging for soldiers' memorial.

(f) Arranging for an annual community picnic in June.

Special committees shall be appointed for any special tasks that may present themselves.

Regular public meetings of the club may be held weekly, fortnightly or monthly, as the club may from time to time decide.

The executive shall meet as often as required at the call of the president or secretary.

The annual meeting of members shall be held the first week in January to receive the annual report of the secretary and a general statement from the treasurer and to elect officers for the ensuing year.

The club shall have for its motto, "Each for All and All for Each," and will seek to think together, work together and play together.

Suggested Order of Business—

1. Opening—Hymn and prayer; or national anthem; or simple "call to order" by the chair.

2. Reading of Minutes.

3. Business arising out of Minutes.

4. Reports of Committees:

(a) Public Forum Committee.

(b) Better Business Committee.

(c) Young People's Committee.

(d) Public Health Committee.

(e) Recreation Committee.

(f) Special Committees.

5. Call for local items of community interest:

(a) Community happenings.

(b) Community problems.

(c) Community tasks.

(d) Community clippings.

7. Closing.

Business (v. 12). The saved man has the divine nature. The grace which has saved him teaches him the necessity of a denial of everything that is opposed to God. (2) Worldly lusts (v. 12). The redeemed man is surrounded with the things of the world which have a downward pull upon him. The grace of God teaches him to renounce them. (3) Sober living (v. 12). The grace of God teaches the saved man self-control; to have the laws of his nature within in command and to rule with a firm hand. (4) Righteous living (v. 12). The grace of God teaches the saved man to live uprightly with reference to those about him. (5) Godly living (v. 12). It teaches him to so live in this present world as to enable him to meet God and abide in his fellowship. (6) It teaches the right motive in living (v. 13, 14). The blessed hope of the glorious return of the Lord Jesus Christ is the grand incentive to holy living in this present world. He that has it will keep himself pure. (1 John 3:3).

Grace means unmerited favor. God's grace means his kindness toward us through Jesus Christ (Eph. 2:7). God's mercy does not go out to men because they are good but because he is good and desires to bestow that goodness upon lost and ruined men in order to make them good.

1. The Grace of God is Salvation (Eph. 2:4-10).

Grace brings salvation; it does not earn it. Christ, who is the embodiment of God's love and grace, came bringing salvation with him. In order to apprehend what the grace of God has done, observe:

1. Man's natural state (Eph. 2:3-3). In the natural man is found all that is opposed to the will and purpose of God. (4) Dead in trespasses and sins (v. 3). The supreme need of the dead man is life, therefore he must have life from without himself. The characteristic of one who is dead is that he is (a) without sensation—"past feeling" (4:19). The natural man, therefore, can neither love God nor hate sin until he is made alive (b). Without motion. Activity is the demonstration of life. So far as God and holiness are concerned they are motionless. They are as helpless as Lazarus was in the grave. (2) Under the control of fleshly and worldly lusts (v. 2). The carnal nature holds sway over their lives. (3) Under the dominion of Satan (v. 2). All these characteristics are the work of Satan, as is also the wrath of God. Satan is the god of this age (2 Cor. 4:4); the prince of this world (John 12:31) all who have not been freed by Christ are under the rule of Satan. (4) Under the condemnation and wrath of God (v. 3). Over all these—death, worldliness, disobedience, lust, of the flesh—hangs the wrath and condemnation of God.

2. Man's state by grace (2:4-10). (1) He is alive in Christ (v. 5). The Holy Spirit lays hold upon men dead in sin and quickens them into life.

(2) Raised up with Christ (v. 6). God's grace not only makes lost men alive but raises them up with Christ. (3) Association with Christ in glory (v. 6). Christ's incarnation has so identified himself with the race that those who are saved are raised up to be with Christ in the celestial kingdom.

(4) The purpose of God in the salvation of men (v. 7, 10). (5) It is to display his grace in the coming ages. The demonstration to the inhabitants of the spheres in which sin has not entered, in the ages to come, will be the transformation of dead and lost men and their exaltation with Christ.

(b) to glorify God through their good works (v. 10; cf. Matt. 5:16). Man's salvation is due entirely to God's grace. Not only the salvation has been provided in grace but the faith which appropriates it is God's gift (v. 8). Works as grounds of salvation are absolutely excluded.

(4) The purpose of God in the salvation of men (v. 7, 10). (5) It is to display his grace in the coming ages. The demonstration to the inhabitants of the spheres in which sin has not entered, in the ages to come, will be the transformation of dead and lost men and their exaltation with Christ.

(b) to glorify God through their good works (v. 10; cf. Matt. 5:16). While good works have absolutely no part in the salvation of men God's purpose in saving them was that they might do good works.

2. The Grace of God in Right Living (Eph. 2:14-17).

Grace is not only essential to salvation but essential to right living. It teaches saved men (1) to deny ungodly

Auto Top Dressing

A Special Dressing Adapted for Automobile Tops

This dressing is prepared from a combination of essential oils and gums, so blended as to impart a high gloss to the top that is soft and pliable, so that it may be folded up without danger of the finish cracking or chipping.

Once tried always used.

Abhor the Turks

Salaniki.—Dr. Guinis, who for thirty years had worked for the deliverance of northern Epirus from the Turks and for his union with Greece, was assassinated several days ago at Koritsa by a Moslem. The funeral, which was attended by 10,000 persons, according to dispatches to the Athens news agency, resolved itself into a manifestation in favor of Greece.

Sergeant McFootman.—You were absent from the last drill, McWhist.

Private McWhist.—It was my fault, sergeant. My wife took my kit off and it went out shopping for a new fashionable walking skirt.

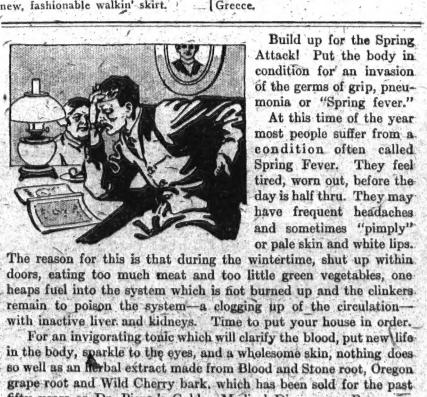

Build up for the Spring Attack! Put the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever."

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips. Thus to put your house in order with inactive liver and kidneys. Time to put to your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as an herbal extract made from Blood and Stone root, Oregon grape root and Wild Cherry bark, which has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia and other nerve pains disappear because such pain is the cry of the starved nerves for food.

Strained Oil.—"I can highly recommend Doctor Pierce's Golden Medical Discovery and Pleasant Lotion. I have used these remedies twenty-five years in my family. Had a very bad case of neuralgia and 'Golden Medical Discovery' completely cured me in a very short time. I have given it to all my family, also to my grand children. I had a grand-child last summer that we thought could not live. We gave him 'Discovery' and he is strong and healthy as any child could be. I am great believer in Doctor Pierce's Medicines and would not be without them."—Mr. A. Bowring, 388 Railway Ave.

Strained Oil.—"For many years I suffered from neuralgia. It would affect my head extending down into my neck and shoulders. I took Dr. Pierce's Golden Medical Discovery and was completely cured."—W. J. Tame, 277 Railway Avenue.

The reason for this is that during the winter, doors, eating too much meat and too little green vegetables, one keeps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put to your house in order with inactive liver and kidneys.

### Of Local and General Interest

Dr. Mackenzie leaves Bellevue today for New York, where he enters a hospital to make a special study of eye, ear, throat and nose diseases.

Peter Aschacker has been committed for trial at the next sitting of the supreme court at Macleod, charged with house-breaking in this district.

A dance will be given in the Workers' hall at Bellevue on Tuesday night next, under the auspices of the Ladies' Auxiliary of St. Cyril's church.

The entire Austrian navy is to be wiped out under the peace terms now being framed. Surrender of every ship will be demanded and disposition decided on later.

We would strongly advise all citizens to thoroughly clean up their premises, particularly of inflammable material which has accumulated during the winter, otherwise they may expect a raise in insurance rates.

Dr. B. Rose and Mr. J. R. Marshall of the Dominion geological staff arrived here on Saturday last, and left by auto on Monday for the hills west of Clarendon, where they will be engaged for some time. They are accompanied by Shorty Glascow.

The department of attorney general is now doing a big return business with Emperor Pick, and last week sold the emperor 720 empty beer bottles for forty cents per dozen. Very soon we will hear of and see the band of stool-pigeons gathering old syrup cans and empty bottles from our back yards and selling them to the bottle king in consideration of his good will and the wherewithal to buy their souls from Hades.

Col. Arthur Penchen, of Toronto, is in town this week looking over his lumbering and milling industry. We understand that an equipment for the manufacture of box boards, for which there is great demand on both the American and Canadian markets, is to be installed at the Colonel's mill at Blairmore and Sentinel.

A large number of Belgians and their families, who have resided in this district for a number of years and displayed little sympathy with their native country during the war, are pulling up their stakes and heading off for Belgium. Most of them have pretty fat "stakes" to pull, accumulated at the expense of our own Canadian boys who were earning their dollar-a-day for the protection of this country and poor Belgium.

### FOR SALE

3 Horses, Wagons, Harness, Sleds, Sleighs, 2 Fresh Cows, 2 Calves, Geese. Will be sold cheap for cash. Apply to Mrs. Fogwill, Phone 156, Blairmore. \$15.25
